SANITARY PROTOCOL
Your health is our priority

Measures adopted on 01/10/2020 - Subject to modification
Millésime Bio 2021 is committed to remain THE place to meet, exchange ideas and do worldwide business for professionals in the organic wine, brewery and spirits industry.

Given the current conditions related to the Covid19 epidemic, we are implementing sanitary procedures. This exceptional situation demands adaptability, reactivity and inventiveness from all of us.

Depending on the epidemic status next January, this measures will be either relaxed or strengthened to welcome you safely.
OUR COMMITMENTS

1. PROTECTION OF PERSONS
2. CONTROLLED FLOW ARRANGEMENT
3. TASTING SET UP
4. CLEANING AND WASTE MANAGEMENT
5. SIGNAGE AND COMMUNICATION
1. PROTECTION OF PERSONS

Barrier gestures

HAND HYGIENE

Hand disinfection with a hydro-alcoholic solution will be compulsory at both entrances to the Exhibition Centre.

Regular hand washing with soap is recommended. If soap and water are not available, hydro-alcoholic solutions will be provided. These "hygiene" points will be indicated on the maps and through signage within the fair.

Each stand will be provided with hydro-alcoholic solution.

MANDATORY USE OF THE MASK

During the assembly and dismantling of the stand, the mask must be worn by everyone.

During opening times for visitors, wearing a mask is compulsory for all participants, both inside and outside.

Visors are allowed only in addition to the mask, when eye and face protection is required.

Sanitary kits (mask and hydro-alcoholic gel) will be offered for sale at both entrances of the Exhibition Centre.

Safety checks will be carried out at the entrances of the exhibition.
1. PROTECTION OF PERSONS

Additional measures

CONTACTLESS

Contactless payment will be preferred and available at the fair. Badges will be scanned at the entrances of the exhibition.

We are developing specific protection devices for certain contact areas between visitors and exhibitors (plexiglass separating wall, particularly at the reception and information desks).

Anyone participating in Millésime Bio 2021 must not show any symptoms of Covid19 or have been in contact with a declared case. A declaration of honour will have to be signed before the exhibition.

The emergency-health care system provides an isolation zone, separated from the public, to receive people considered as suspicious cases.

REMINDER OF THE BASIC MEASURES

- In case of symptoms, stay at home
- Sneeze and cough into one’s elbow,
- Use disposable tissues and throw them in a waste bin after use,
- Avoid touching eyes, nose and mouth with unwashed hands,
- Clean daily the frequently touched surfaces and objects,
- Greet without shaking hands.
2. CONTROLLED FLOW ARRANGEMENT

PEOPLE FLOW

A realtime counting system will be set-up at the entrances of the Exhibition Centre. The maximum attendance will be defined by the rules in force at the time of the fair. If necessary, the entrances will be regulated accordingly so as not to exceed the maximum gauge set by local authorities.

The entrances and exits of the halls will be separated to avoid people crossing each other.

Catering areas will be arranged in compliance with the national system. The buffet formula will be suspended. Reservations will be encouraged.

Queues will be organised to respect the recommended physical distancing.

PHYSICAL DISTANCING

A physical distancing of 1 meter will be compulsory.

The aisles in the halls will be widened to 4 meters.

Furniture will be placed in an appropriate manner in the common areas.

An appointment booking system for exhibitors and visitors will help to ease traffic flow and limit the crowd effect on the stands.

Gatherings of up to 4 people will be allowed within the limit of respect for physical distancing.

Measures adopted on 01/10/2020 - Subject to modification
3. TASTING SET UP

TASTING EQUIPMENT

Each visitor will be given a glass that can be carried around with a neck strap provided by the organiser.

Exchange points will be set up for visitors to change glasses, clean glasses will be protected from any outside contact until they are used. Used glasses drop-off points and clean glasses pick-up points will be indicated on the fair map.

Anti-spatter spittoons solutions are currently being researched.

LAYOUT OF THE TASTING FACILITIES

The surfaces of the Enoteca and the Challenge Millésime Bio area have been doubled in order to respect physical distancing.

The wines will be served by the organiser’s teams.

At the stands, only the exhibitor will handle the bottles.

The number of visitors will be limited to two people per stand, one at each end of the counter.

The tastings will take place in the presence of the exhibitor. Any food items must not be made available to visitors without supervision and must be presented in an individual form.

Measures adopted on 01/10/2020 - Subject to modification
4. CLEANING AND WASTE MANAGEMENT

REINFORCED CLEANING
A hygiene brigade will ensure your safety throughout the fair by regularly cleaning the contact points with a virucidal detergent product. Equipments and furniture provided by the organiser will be cleaned at night.

RESTROOM
Cleaning frequencies will be increased. Towel dispensers equipped with single-use paper towels will be introduced to replace blow-dryers. Hydro-alcoholic solution will also be available. Every second sink will be sealed off in order to respect physical distancing.

WASTE MANAGEMENT
Closed bins dedicated to the recovery of soiled waste will be deployed in the restrooms and the halls (for masks, wipes, tissues). Waste collection will be intensified.

Measures adopted on 01/10/2020 - Subject to modification
5. SIGNAGE AND COMMUNICATION

BEFORE THE FAIR

We encourage visitors to download the “Stop Covid” mobile application.

Before the opening of the fair, we will inform exhibitors and visitors of the rules to be respected during the fair.

We will encourage visitors to get their badge before the event and print it out in advance.

DURING THE FAIR

Reminders will be displayed through floor and/or wall signage.

The broadcasting of audio messages will remind people of the barrier gestures and safety measures.

We will display the number of visitors within the Exhibition Centre in real time.

We will encourage all types of paperless/contactless communication.
We look forward to welcoming you again!
